

12 November 2019

The MGBOA 2019 Mentors are listed below. Each MGBOA member should seek to obtain a mentor that can help them grow.

The leadership of MGBOA have asked some of our most experienced officials to be mentors. Each Mentor is willing to provide guidance, constructive feedback, identify your strengths and weaknesses to help you grow as an official.

As a **mentee**, you will play the most critical role during the course of your mentoring relationship. Remember this is your career and you should assist in building the road map to your success with the help of your mentor.
